AGILITY:

Highly versatile traditional cones used for grid patterns, marking out areas, obstacle training. These dome shaped cones are made from good quality plastic, complete with plastic stand.

COLLAPSIBLE FIELD:

A safe marker cone, designed to collapse on impact and then pop back up. The 20 piece pack is very affordable.

SOFT FLEX:

Unique, soft and flexible cones which crumble and reform again. These dome shaped cones have a 7" diameter base and are available in a multitude of colours.

FLEX:

A versatile cone that can be used for marking out training areas, grid patterns etc. This 48 piece pack is an economical alternative to standard cones.
